PARADIGM COMMUNICATION SYSTEMS LTD SELECTED BY INMARSAT GLOBAL XPRESS AS A KEY LAND TERMINAL LAUNCH PARTNER

ALTON, UK – September, 08, 2012 – This agreement positions Paradigm Communication Systems, as a Land Terminal Launch Partner for the forthcoming Inmarsat Global Xpress service. Paradigm and Inmarsat are working closely on developing new terminals designed specifically for use with this revolutionary new service.

“This agreement is a game-changer for land terminals,” comments Ulf Sandberg, Managing Director – Paradigm. “We are working together to provide Global Xpress customers with the outstanding quality, global coverage and seamless mobility they have come to expect from Inmarsat”.

As a global provider of VSAT systems, Paradigm will be providing Fixed and Transportable Launch Terminals for Inmarsat Global Xpress.

Leo Mondale, Managing Director of Global Xpress, said: “Paradigm Comm have demonstrated leadership in the VSAT terminal marketplace, and we are delighted that they are now formally part of our programme to deliver on the Global Xpress promise. Their experience and expertise in their key market segments will ensure that customers will quickly benefit from the introduction of new generation, high data rate services.”
